

WP-Ex 2000 II (2 settings, 1500 / 3000 min⁻¹), basic equipment

WP-Ex 2000 II with special accessories daylight LED spot and suction protective grids

MADE IN GERMANY

Wassermann is a medium-sized, owner-operated company with head office in Hamburg. We design and produce high-quality technical devices in Germany. Our main users are dental laboratories, dental clinics and various industrial areas worldwide.

Why a Wassermann product?

Wassermann products are manufactured from high-quality materials and the proportion of plastics used is intentionally kept as low as possible. Our devices are known for their suitability for daily use, functionality and longevity. As a result, the users place high levels of trust in the Wassermann brand. We feel it is our duty to support our customers on a daily basis when it comes to safety, service and productivity. Technological perfection, optimum quality and especially sustainability are the benchmarks we set. Thanks to the combination of these values, the family-owned company, since its establishment in 1927, has gained worldwide recognition as a manufacturer of high-quality products.

Polishing Compact Units

WP-Ex 3000 II & WP-Ex 2000 II

Powerful and durable: The WP-Ex 3000 II and WP-Ex 2000 II polishing compact units for daily use at labs guarantee first-class polishing and extraction. Due to their compact size they can be used in the tiniest space. They stand out thanks to their powerful and low-noise extraction and the strong, durable and maintenance-free induction motor. Convenient: The WP-Ex 3000 II is easy to operate due the simple push of a button and the WP-Ex 2000 II even with the ball of the thumb.

WP-Ex 3000 II comes as standard with a clear multifunctional display, a motor which is variable in steps and an adjustable daylight LED spot

Emergency off-switch and restart protection guarantee safety at work

Impact-resistant, adjustable safety screen

Easy to clean housing, made almost entirely of stainless steel, integrated drawer

Integrated day-light LEDs

Two easily removable full rubber polishing troughs
